

# NC BEEF CATTLE FIELD DAY

**March 18, 2023**

**10:00a.m. to 2:30 p.m.**

**Registration Will Begin At 9:00 AM.**

**Butner Beef Cattle Field Lab**

**8800 Cassam Road**

**Bahama, NC 27503**

**RESEARCH STATIONS DIVISION**

*Working Together for One Cause*

**NC DEPARTMENT OF AGRICULTURE**

**NC STATE UNIVERSITY**

## BYPRODUCT FEEDS

Current research on byproduct feeds including research on cotton byproducts and wet brewers' grain research. Attendees will visit steers on trial in the calan gate system where feed intake is measured.

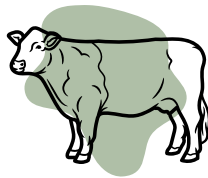

## PARASITE AND HEALTH

Graduate students in the Department of Animal Science and faculty at the Vet School will discuss current work on beef cattle parasite management. In addition, attendees will learn about new regulations in herd health.

## REPRODUCTION

Researchers and graduate students will share the latest updates on reproductive techniques and management guidelines. Learn about current repro research and extension outreach efforts.

## PASTURE RENOVATION

Attendees will visit 3-year old stands of fescue and orchardgrass renovated with different management techniques. This area will also include a fescue variety trial.

## LUNCH WILL BE PROVIDED
